PORTFOLIO

MIGUEL
Recio

Hello!

I am a specialist in web design and visual identity (art direction). I have over 10 years of experience in the design field, working for agencies and as a freelancer.

Throughout these years, I have worked on various projects, from branding to web design and development, as well as editorial design. In recent years, I have discovered my passion for web and UI design.

I consider myself passionate about creativity and visual expression. I am always ready to take on new challenges, learn, and experiment.
